How to Report Full Class Participation

- When you access your course, it will default to every student marked as participating (a Yes in the Participation column). ۲
- However, you will not be able to click on the Save button (submit the roster) until you click on the button for "Submit All • Students as Participated."
- Once that button is selected, the Save button will be activated. •
- Click on Save and your submission is complete. •
- Changes may be made to any of your Participation Roster through the submission deadline (highlighted below). •
